Dear Sir,

Your son Russell accompanied by Louis Grant paid us a visit last week, and we were very pleased to see them. I met him at Witley camp in the summer when I went there to see Louis Grant. I thought you would like to know that Russell is very well and looks it. They were on their way back to camp from a short leave in Scotland, and stayed with us on Wednesday night, leaving for London on Thursday evening. I took them about as much as was possible in the time and I think they enjoyed their visit.

I told your son that he will always be welcome at my home and that he must consider it his home as long as he is in England. He knew my dear boy Hedley, and we are always delighted to welcome any friends of his.

This letter is just to let you know that Russell is all right, and cheerful. I know that when Hedley was in Canada we were always glad to have word about him.

Yours truly,

Chas R Johnson
